See the Results

- Started in 2004, the Corps Member Education Foundation since its inception. During our first four years, total annual donations have CMEF increased by 400%.
- We have sent students from the Mississippi Delta to Honduras (three times), France, and Spain. Over ten student groups have traveled to Washington DC and other groups have traveled to Boston and New York City.
- We provided over 100 computers to students' homes in Charlotte, North Carolina and raised money for underfunded classrooms in Atlanta, Baltimore, and the Mississippi Delta.
- Our scholarship funds may be modest, but CMEF has provided students with over \$5000 in college scholarships and continues to raise money each year to ensure more scholarships can be awarded in the future.
- Our latest scholarship recipient was Esau Hernandez who thanks to Patrick O'Donnell, both for his leadership while his teacher and his efforts to raise funds to help support his collegiate aspirations, received a \$500 scholarship from CMEF to attend the University of California, Santa Barbara this fall.

Description

Far far away, behind the word mountains, far from the countries Vokalia and Consonantia, there live the blind texts. Separated they live in Bookmarksgrove right at the coast of the Semantics, a large language ocean.

A small river named Duden flows by their place and supplies it with the necessary regelialia. It is a paradisematic country, in which roasted parts of sentences fly into your mouth.

Even the all-powerful Pointing has no control about the blind texts it is an almost unorthographic life One day however a small line of blind text by the name of Lorem Ipsum decided to leave for the far World of Grammar. The Big Oxmox advised her not to do so, because there were thousands of bad Commas.

Description

Far far away, behind the word mountains, far from the countries Vokalia and Consonantia, there live the blind texts. Separated they live in Bookmarksgrove right at the coast of the Semantics, a large language ocean.

A small river named Duden flows by their place and supplies it with the necessary regelialia. It is a paradisematic country, in which roasted parts of sentences fly into your mouth.

Even the all-powerful Pointing has no control about the blind texts it is an almost unorthographic life One day however a small line of blind text by the name of Lorem Ipsum decided to leave for the far World of Grammar. The Big Oxmox advised her not to do so, because there were thousands of bad Commas.
